

xpe::anim::sSkeletonInfo

```
graph BT; A[xpe::ecs::CSkeletonInfo] --> B[xpe::anim::sSkeletonInfo]
```

The diagram illustrates an inheritance relationship between two C++ classes. At the bottom is a gray box labeled 'xpe::ecs::CSkeletonInfo'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'xpe::anim::sSkeletonInfo'. This indicates that 'xpe::anim::sSkeletonInfo' inherits from 'xpe::ecs::CSkeletonInfo'.
