

xpe::core::cApp::Run

```
graph LR; A[xpe::core::cApp::Run] --> B[xpe::core::cApp::Render]
```

A diagram showing a call from the `xpe::core::cApp::Run` function to the `xpe::core::cApp::Render` function. The `Run` function is represented by a white box with a black border, and the `Render` function is represented by a gray box with a black border. A blue arrow points from the `Run` box to the `Render` box.
