

xpe::core::cApp::Run

```
graph LR; A[xpe::core::cApp::Run] --> B[xpe::render::cRenderSystem::Prepare];
```

A diagram showing a call from the `xpe::core::cApp::Run` function to the `xpe::render::cRenderSystem::Prepare` function. The first function is in a white box, and the second is in a gray box, connected by a blue arrow.

xpe::render::cRenderSystem  
::Prepare
